Introducing the Appointment Portal: Connecting You with Government Officials Efficiently!

FREETOWN, FRIDAY 5TH JANUARY 2024: The Office of the Chief Minister is happy to introduce the Appointment Portal, a significant step towards fostering transparent and accessible communication between the public and government officials.

The primary goal is to provide the public with a user-friendly platform to schedule appointments directly with State House staff members. This initiative also seeks to streamline the communication process, ensuring that the concerns and needs of the public are addressed promptly and efficiently.

The Appointment Portal incorporates a robust approval system, allowing government officials to review and confirm appointment requests seamlessly. Additionally, users have the option to place appointments on hold, providing flexibility in their scheduling.

To enhance efficiency, the portal has a tracking feature, enabling both users and staff members to monitor and manage their weekly appointments. This ensures a well-organized and structured approach to meetings, promoting a more effective use of time for all parties involved.

To book an appointment, visit: <https://appointment.statehouse.gov.sl/>

Your Voice Matters: Engage with Your Government Today! We encourage citizens to take advantage of this opportunity to engage with State House staff members directly. The user-centric tool ensures that your appointments are addressed with the attention they deserve.

Thank you for your ongoing support as we strive to build a more transparent and responsive government. Together, let's make communication more accessible and effective!
